Table of Contents
Volume 45, 1992

January 1992

2 **Introduction to the symposium: Ingestion of Poisonous Plants by Livestock** by James A. Pfister and Frederick D. Provenza

3 **Impact of poisonous plants on the livestock industry** by Lynn F. James, Darwin B. Nielsen, and Kip E. Panter

9 **Reducing livestock losses from poisonous plants through grazing management** by C.A. Taylor, Jr., and M.H. Ralphs

13 **Plant toxins and palatability to herbivores** by Russell J. Molyneux and Michael H. Ralphs

18 **Chemically mediated interactions between woody plants and browsing mammals** by John P. Bryant, Paul B. Reichardt, and T.P. Clausen

25 **Toxification and detoxification of plant compounds by ruminants: An overview** by G. Stanley Smith

30 **Behavioral toxicology of livestock ingesting plant toxins** by James A. Pfister, Carl D. Cheney, and Frederick D. Provenza

36 **Mechanisms of learning in diet selection with reference to phytotoxicosis in herbivores** by Frederick D. Provenza, James A. Pfister, and Carl D. Cheney

46 **Continued food aversion: Training livestock to avoid eating poisonous plants** by Michael H. Ralphs

52 **Impact of plant toxins on fetal and neonatal development: A review** by Kip E. Panter, Richard F. Keeler, Lynn F. James, and Thomas D. Bunch

57 **Tannin chemistry in relation to digestion** by Ann E. Hagerman, Charles T. Robbins, Yohan Weerasuriya, Thomas C. Wilson, and Clare McArthur

63 **Larkspur chemistry: Toxic alkaloids in tall larkspurs** by Gary D. Manners, James A. Pfister, Michael H. Ralphs, Kip E. Panter, and John D. Olsen

67 **Metabolism and absorption of toxic glycosides by ruminants** by W. Majak

72 **High seed retention of Indian ricegrass PI 478833** by T.A. Jones and D.C. Nielson

75 **A model of woody-herbaceous biomass relationships in ecualypt and mesquite communities** by Joseph S. Scanlan

81 **Germination responses of Lehmann lovegrass to light** by Bruce A Roundy, Raymond B. Taylorson, and Lee B. Sumrall

85 **Afterripening in curly mesquite seeds** by Andrew E. Ralowicz and Charles F. Mancino

87 **Big sagebrush germination patterns: Subspecies and population differences** by Susan E. Meyer and Stephen B. Monsen

93 **Oak seedling establishment on California rangelands** by Theodore E. Adams, Jr., Peter B. Sands, William H. Weitkamp, and Neil K. McDougald

99 **Diurnal measurements of honey mesquite transpiration using stem flow gauges** by William A. Dugas, Marcus L. Heuer, and Herman S. Mayeux, Jr.

103 **Composition and production of California oak savanna seasonally grazed by sheep** by James W. Bartolome and Mitchel P. McClaran

108 **Measuring cottonseed hull passage by white-tailed deer** by Stephen R. Schultz and Mark K. Johnson

103 **Book Reviews**

March 1992

114 **"State of the Society" Report** by Stan Tixier

116 **An integrative approach to rangeland condition and capability assessment** by O.J.H. Bosch and J. Booysen

123 **Protein supplementation and 48-hour calf removal effects on range cows** by Bok F. Sowell, Joe D. Wallace, Eugene E. Parker, and G. Morris Southward

129 **Effect of restricted forage intake in confinement on estimated fecal output from a sustained release bolus** by William E. Pinchak and David P. Hutcheson

133 **Forb and shrub influences on steer nitrogen retention** by D. Arthun, J.L. Holechek, J.D. Wallace, M.L. Galyean, M. Cardenas, and S. Rafique

136 **Prior grazing by sheep reduces waxy larkspur consumption by cattle: An observation** by Michael H. Ralphs and John D. Olsen

140 **'Hobble Creek' big sagebrush vs. antelope bitterbrush as a winter forage** by Bruce L. Welch and Fred J. Wagstaff

143 **Evaluation of fecal indicators for assessing energy and nitrogen status of cattle and goats** by Gregoria Nunez-Hernandez, Jerry L. Holechek, David Arthun, Ackim Tembo, Joe D. Wallace, Michael L. Galyean, Manuel Cardenas, and Raul Valdez

148 **Evaluation of microhistological analysis for determining ruminant diet botanical composition** by Daniel Alipayo, Raul Valdez, Jerry L. Holechek, and Manuel Cardenas

152 **Water-extractable organic matter from plant litter and soil of rough fescue grassland** by Johan F. Dormaar and Walter D. Willms

159 **Seedbed ecology of winterfat: Imbibition temperature affects post-germination growth** by D. Terrance Booth

164 **Growth, ion accumulation, and nitrogen fractioning in *Atriplex barclayana* grown at various salinities** by Avinoam Nerd and Dov Pasternak

167 **Observations: Potential long-term environmental impact of tebuthiuron and its metabolites in Utah juniper trees** by Thomas N. Johnsen, Jr.,

170 **Vegetation responses to 2 brush management practices in South Texas** by Joseph A. Bozzo, Samuel L. Beasom, and Timothy E. Fulbright

175 **Germination of prechilled mechanically scarified and unscarified Indian ricegrass seed** by T.A. Jones and D.C. Nielson

180 **Effect of grazing, spraying, and seeding on knapweed in British Columbia** by James F. Maxwell, Robert Drinkwater, David Clark, and John W. Hall

183 **Interdependence between public and private forage markets** by Alan R. Collins and Frederick H. Obermiller

188 **Airborne laser measurements of rangeland canopy cover and distribution** by Jerry C. Ritchie, James H. Everitt, David E. Escobar, Thomas J. Jackson, and Michael R. Davis

194 **Dynamics of shrub die-off in a salt desert plant community** by Kern Ewing and James P. Dobrowolski

200 **Leaf development of native bluestem grasses in relation to degree-day accumulation** by Robert L. Gillen and Anne L. Ewing

205 **Influence of matric potential and substrate characteristics on germination of Nezpar Indian ricegrass** by Robert R. Blank and James A. Young

210 **Nebraska sedge (*Carex nebraskensis* Dewey): Phenology and life history at Tule Meadow, Sierra National Forest, California** by Raymond D. Ratliff and Stanley E. Westfall

216 **An improved method for measuring temperatures during range fires** by P.W. Jacoby, R.J. Ansley, and B.A. Trevino

221 **Book Reviews**

93 **Oak seedling establishment on California rangelands** by Theodore E. Adams, Jr., Peter B. Sands, William H. Weitkamp, and Neil K. McDougald

99 **Diurnal measurements of honey mesquite transpiration using stem flow gauges** by William A. Dugas, Marcus L. Heuer, and Herman S. Mayeux, Jr.

103 **Composition and production of California oak savanna seasonally grazed by sheep** by James W. Bartolome and Mitchel P. McClaran

108 **Measuring cottonseed hull passage by white-tailed deer** by Stephen R. Schultz and Mark K. Johnson

103 **Book Reviews**

March 1992

114 **"State of the Society" Report** by Stan Tixier

116 **An integrative approach to rangeland condition and capability assessment** by O.J.H. Bosch and J. Booysen

123 **Protein supplementation and 48-hour calf removal effects on range cows** by Bok F. Sowell, Joe D. Wallace, Eugene E. Parker, and G. Morris Southward

129 **Effect of restricted forage intake in confinement on estimated fecal output from a sustained release bolus** by William E. Pinchak and David P. Hutcheson

133 **Forb and shrub influences on steer nitrogen retention** by D. Arthun, J.L. Holechek, J.D. Wallace, M.L. Galyean, M. Cardenas, and S. Rafique

136 **Prior grazing by sheep reduces waxy larkspur consumption by cattle: An observation** by Michael H. Ralphs and John D. Olsen

140 **'Hobble Creek' big sagebrush vs. antelope bitterbrush as a winter forage** by Bruce L. Welch and Fred J. Wagstaff

143 **Evaluation of fecal indicators for assessing energy and nitrogen status of cattle and goats** by Gregoria Nunez-Hernandez, Jerry L. Holechek, David Arthun, Ackim Tembo, Joe D. Wallace, Michael L. Galyean, Manuel Cardenas, and Raul Valdez

148 **Evaluation of microhistological analysis for determining ruminant diet botanical composition** by Daniel Alipayo, Raul Valdez, Jerry L. Holechek, and Manuel Cardenas

152 **Water-extractable organic matter from plant litter and soil of rough fescue grassland** by Johan F. Dormaar and Walter D. Willms

159 **Seedbed ecology of winterfat: Imbibition temperature affects post-germination growth** by D. Terrance Booth

164 **Growth, ion accumulation, and nitrogen fractioning in *Atriplex barclayana* grown at various salinities** by Avinoam Nerd and Dov Pasternak

167 **Observations: Potential long-term environmental impact of tebuthiuron and its metabolites in Utah juniper trees** by Thomas N. Johnsen, Jr.,

170 **Vegetation responses to 2 brush management practices in South Texas** by Joseph A. Bozzo, Samuel L. Beasom, and Timothy E. Fulbright

175 **Germination of prechilled mechanically scarified and unscarified Indian ricegrass seed** by T.A. Jones and D.C. Nielson

180 **Effect of grazing, spraying, and seeding on knapweed in British Columbia** by James F. Maxwell, Robert Drinkwater, David Clark, and John W. Hall

183 **Interdependence between public and private forage markets** by Alan R. Collins and Frederick H. Obermiller

188 **Airborne laser measurements of rangeland canopy cover and distribution** by Jerry C. Ritchie, James H. Everitt, David E. Escobar, Thomas J. Jackson, and Michael R. Davis

194 **Dynamics of shrub die-off in a salt desert plant community** by Kern Ewing and James P. Dobrowolski

200 **Leaf development of native bluestem grasses in relation to degree-day accumulation** by Robert L. Gillen and Anne L. Ewing

205 **Influence of matric potential and substrate characteristics on germination of Nezpar Indian ricegrass** by Robert R. Blank and James A. Young

210 **Nebraska sedge (*Carex nebraskensis* Dewey): Phenology and life history at Tule Meadow, Sierra National Forest, California** by Raymond D. Ratliff and Stanley E. Westfall

216 **An improved method for measuring temperatures during range fires** by P.W. Jacoby, R.J. Ansley, and B.A. Trevino

221 **Book Reviews**

May 1992

226 **Protein supplementation of steers grazing tobosagrass in spring and summer** by John S. Pitts, F.T. McCollum, and Carlton M. Britton

231 **Cultivated and native browse legumes as calf supplements in Ethiopia** by D. Layne Coppock and Jess D. Reed

238 **Fecal NIRS equations for predicting diet quality of free-ranging cattle** by Robert K. Lyons and Jerry W. Stuth

245 **Training lambs to be weed eaters: Studies with leafy spurge** by John W. Walker, K.G. Hemenway, P.G. Hatfield, and H.A. Glimp

249 **Pine needle effects on in vivo and in vitro digestibility of crested wheatgrass** by Don C. Adams, James A. Pfister, Robert E. Short, Rex G. Cates, Brad W. Knapp, and Randall D. Wiedmeier

254 **Pyrrolizidine alkaloid content of houndstongue (*Cynoglossum officinale* L.)** by James A. Pfister, Russell J. Molyneux, and Dale C. Baker

257 **Interactions of grazing and plant protection on basin big sagebrush (*Artemisia tridentata* ssp. *tridentata*) seedling survival** by M.K. Owens and B.E. Norton

263 **Factors Affecting Utah Ranch Prices** by R.C. Rowan and John P. Workman

267 **Stand density index as a predictor of forage production in northern Arizona pine forests** by Margaret M. Moore and Dale A. Deiter

272 **Blue grama-buffalograss responses to grazing: A Weibull distribution** by Kimberly K. Remington, Charles D. Bonham, and Robin M. Reich

277 **Estimating herbage standing crop from rainfall data in Niger** by Bruce K. Wylie, Rex D. Pieper, and G. Morris Southward

285 **Viewpoint: Replication, randomization, and statistics in range research** by David B. Wester

291 **Response of Central Plains Tallgrass Prairies to fire, fertilizer, and atrazine** by Robert A. Masters, Kenneth P. Vogel, and Robert M. Mitchell

296 **The effect of polyacrylamide on grass emergence in south-central New Mexico** by H.O. Rubio, M.K. Wood, M. Cardenas, and B.A. Buchanan

301 **Growth dynamics of crowns of eastern redcedar at 3 locations in Oklahoma** by David M. Engle and James D. Kulbeth

306 **Laboratory germination responses of 3 lovegrasses to temperature in relation to seedbed temperatures** by Bruce A. Roundy, James A. Young, Lee B. Sumrall, and Margaret Livingston

312 **Automatic sorting of free-ranging cattle** by Dean M. Anderson, Robert R. Rouda, Leigh W. Murray, and Rex D. Pieper

315 **Book Reviews**

July 1992

322 **Viewpoint: A view on species additions and deletions and the balance of nature** by Hyrum B. Johnson and Herman S. Mayeux

334 **Honey mesquite transpiration along a vertical site gradient** by C.J. Cuomo, R.J. Ansley, P.W. Jacoby, and R.E. Sosebee

339 **Seasonal trends in leaf area of honey mesquite trees: Determination using image analysis** by R.J. Ansley, D.L. Price, S.L. Dowhower, and D.H. Carlson

345 **Value of mountain rye for suppression of annual bromegrasses on semiarid mined lands** by Myron R. Andersen, Edward J. DePuit, Rollin H. Abernethy, and Larry H. Kleinman

352 **Some effects of a white grub infestation on northern mixed-grass prairie** by Charles L. Lura and Paul E. Nyren

355 **Mortality of crested wheatgrass and Russian wildrye during drought** by M.R. Haferkamp, P.O. Currie, J.D. Volesky, and B.W. Knapp

358 **Germination of bur buttercup seeds** by James A. Young, Ellen Martens, and Neil E. West

363 **Effects of defoliation, shading and competition on spotted knapweed and bluebunch wheatgrass** by Gregory A. Kennett, John R. Lacey, Curtis A. Butt, Kathrin M. Olson-Rutz, and Marshall R. Haferkamp

369 **Seasonal trends in herbage yield and quality of *Agropyrons*** by H.F. Mayland, K.H. Asay, and D.H. Clark

374 **Selenium absorption by two-grooved milkvetch and western wheatgrass from selenomethionine, selenocystine, and selenite** by M. Coburn Williams and H.F. Mayland

379 **Effect of timing and intensity of first defoliation on subsequent production of 4 pasture species** by A.J. Leyshon and C.A. Campbell

385 **Habitat selection by cattle along an ephemeral channel** by Michael A. Smith, J. Daniel Rodgers, Jerrold L. Dodd, and Quentin D. Skinner

391 **Declining forage availability effects on utilization and community selection by cattle** by Michael A. Smith, J. Daniel Rodgers, Jerrold L. Dodd, and Quentin D. Skinner

396 **Avian community response to fire and mechanical shrub control in south Florida** by Susan M. Fitzgerald and George W. Tanner

401 **Response of cattle to cured reproductive stems in a caespitose grass** by David Ganskopp, Ray Angell, and Jeff Rose

405 **Influence of leafy spurge on forage utilization by cattle** by David G. Hein and Stephen D. Miller

407 **Herbicide effects on cross timbers breeding birds** by Cynthia A. Schulz, David M. Leslie Jr., Robert L. Lochmiller, and David M. Engle

411 **Time domain reflectometry for measuring soil water content in range surveys** by Tim L. Reeves and Michael A. Smith

414 **Book Reviews**

September, 1992

419 **Invited Synthesis Paper: Regulation of tillering by apical dominance: Chronology, interpretive value, and current perspectives** by Jeffrey S. Murphy and David D. Briske

431 **Viewpoint: Range site/ecological site information requirements for classification of riverine riparian ecosystems** by Stephen G. Leonard, George J. Staidl, Karl A. Gebnardt, and Donald E. Prichard

436 **Application of nonequilibrium ecology to management of Mediterranean grasslands** by Melvin R. George, Joel R. Brown, and W. James Clawson

441 **Effects of sericea lespedeza residues on warm-season grasses** by K.L. Kalburtji and J.A. Mosjidis

444 **Survival and growth of blue grama seedlings in competition with western wheatgrass** by Marilyn J. Samuel and Richard H. Hart

449 **Effect of temperature and photoperiod on growth and reproductive development of goatsrue** by David T. Patterson

454 **Characterizing gene responses to drought stress in fourwing saltbush [*Atriplex canescens* (Pursh.) Nutt.]** by Linda S. Adair, David L. Andrews, John Cairney, Edward A. Funkhouser, Ronald J. Newton, and Earl F. Aldon

462 **Optimal vegetation management under multiple-use objectives in the Cross Timbers** by D.J. Bernardo, D.M. Engle, R.L. Lochmiller, and F.T. McCollum
470 **Runoff prediction from sagebrush rangelands using water erosion prediction project (WEPP) technology** by Bradford P. Wilcox, Mina Sbaa, Wilbert H. Blackburn, and James H. Milligan
476 **Hydrologic characteristics immediately after seasonal burning on introduced and native grasslands** by William E. Emmerich and Jerry R. Cox
480 **Shrub control and seeding influences on grazing capacity in Argentina** by C.B. Passera, O. Borsetto, R.J. Candia, and C.R. Stasi
483 **A comparison of drills for direct seeding alfalfa into established grasslands** by John Waddington
488 **Increasing bitterbrush nutrient quality with 2,4-D, mowing, and burning in southcentral Wyoming** by Vincent M. Kituku, Jeff Powell, Michael A. Smith, and Richard A. Olson
493 **Enhancing control of eastern redcedar through individual plant ignition following prescribed burning** by David M. Engle and J.F. Stritzke
496 **White-tailed deer use of rangeland following browse rejuvenation** by Joseph A. Bozzo, Samuel L. Beasom, and Timothy E. Fulbright
500 **Pre-inoculation of clover seed for aerial seeding on logged sites** by B.M. Brooke, D.G. Stout, R. Tucker, and C.M. Preston
503 **Effects of cattle grazing on blue oak seedling damage and survival** by Lillian M. Hall, Melvin R. George, Douglas D. McCreary, and Theodore E. Adams
507 **Chemical enhancement of germination in curly mesquite seed** by Andrew Ralowicz, Charles Mancino, and David Kopec
509 **Book Reviews**

November 1992
514 **Influence of saline water on intake, digesta kinetics, and serum profiles of steers** by Robert M. Kattnig, Anibal J. Pordomingo, Alan G. Schneberger, Glenn C. Duff, and Joe D. Wallace
519 **Forb and shrub effects on ruminal fermentation in cattle** by Dave Arthun, J.L. Holechek, J.D. Wallace, M.L. Galyean, and M. Cardenas
523 **Lehmann lovegrass live component biomass and chemical composition** by Jerry R. Cox
528 **Adverse effects of pine needles on aspects of digestive performance in cattle** by James A. Pfister, Don C. Adams, Randall D. Wiedmeier, and Rex G. Cates
534 **Cattle diets in tall forb communities on mountain rangelands** by M.H. Ralphs and J.A. Pfister
538 **Bunchgrass basal area affects selection of plants by cattle** by David Ganskopp and Jeff Rose
542 **Range animal diet composition in southcentral Wyoming** by Kinuthia R. Ngugi, Jeff Powell, Frank C. Hinds, and Richard A. Olson
546 **Use of artificial mineral licks by white-tailed deer in Louisiana** by Stephen R. Schultz and Mark K. Johnson
549 **Bobwhite habitat use under short duration and deferred-rotation grazing** by R. Neal Wilkins and Wendell G. Swank
554 **Clipping frequency and intensity effects on big bluestem yield, quality, and persistence** by J.R. Forwood and M.M. Magai
559 **Salinity effects on forage quality of Russian thistle** by James L. Fowler, James H. Hageman, Kenneth J. Moore, Margaret Suzukida, Hamid Assadian, and Mario Valenzuela
564 **Emergence and seedling survival of caldén in the semiarid region of Argentina** by Daniel V. Peláez, Roberto M. Bóo, and Omar R. Elia
569 **Vegetation differences in desert shrublands of western Utah's Pine Valley between 1933 and 1989** by Terence P. Yorks, Neil E. West, and Kathleen M. Capels
579 **Relationship of fire behavior to tallgrass prairie herbage production** by Terrence G. Bidwell and David M. Engle
585 **Recent rates of mesquite establishment in the northern Chihuahuan Desert** by R.P. Gibbens, R.F. Beck, R.P. McNeely, and C.H. Herbel
589 **Mechanical rejuvenation to dampen seasonal variation in chemical composition of browse** by J. Paul Reynolds, Timothy E. Fulbright, and Samuel L. Beasom
593 **An Evaluation of 4 clovers and Italian ryegrass for white-tailed deer** by Mark K. Johnson and Stephen R. Schultz
595 **Viewpoint: Sample adequacy for point analysis depends on the objectives** by Melchor Ortiz and Michael H. Ames
596 **Reply to Ortiz and Ames' Viewpoint: Sample adequacy for point analysis depends on the objectives** by L. Hofmann and R.E. Ries
597 **Book Reviews**
